

# City of Baltimore, MD

FEMA's Risk Mapping, Assessment and Planning (Risk MAP) Program helps strengthen communities by identifying actions they can take now to reduce their hazard risk, enhancing local planning, improving outreach through risk communications, and increasing local resilience to natural hazards. Below is an overview of some key items identified during the Changes Since Last FIRM<sup>1</sup> impact assessment. Insurance-related data is current as of December 2018. **All data are estimates only.**

## KEEPING COMMUNITIES INFORMED: Your Risk MAP Timeline

## TAKE ACTION: Next Steps

Your Hazard Mitigation Plan was recently updated and now is the time to implement your identified mitigation actions. Some projects you identified to reduce flood risk were:

- Determine low-laying substation vulnerability and outline options for adaptation and mitigation
- Prioritize infrastructure upgrades for roads identified as at risk of flooding
