# Introduction

# Summary

The Capital Improvement Program is a six-year plan for funding capital projects by City agencies. The program is updated and adopted each year as part of the Baltimore City Budget. Baltimore City agencies requested capital funding for more than four hundred projects detailed project profiles organized by agency. Agencies also shared information on 150 priority projects that could be funded if additional capital funds are made available. In total, agencies requested more than \$2.8 billion in funds for construction, repair, modernization, and other improvements. The requests identify more than two hundred different buildings, parks, and other public assets as planned locations for this investment.

(a) Project requests with locations in FY25-30 CIP Report

This report is prepared by the Baltimore City Department of Planning and published in advance of agency presentations to the Baltimore City Planning Commission each year. The goal of this report is to support the Planning Commission in the review and approval of the program and to share this important information with residents across the city and region.

For questions, please contact the Department of Planning at 410-396-PLAN (7526) or visit the Department website at [planning.baltimorecity.gov](https://planning.baltimorecity.gov) .

## Total requested capital funds by year and source category

	FY25	FY26	FY27	FY28	FY29	FY30	Total (\$M)
General Fund Backed Source	\$154.4	\$155.1	\$153.1	\$153.1	\$153.1	\$153.1	\$921.9
Utility Related	\$378.0	\$493.2	\$341.5	\$360.7	\$176.5	\$142.1	\$1,891.9
State and Federal Funds	\$150.6	\$73.0	\$127.9	\$101.9	\$97.9	\$97.9	\$649.4
Other	\$0.3	\$1.3	\$1.3	\$1.3	\$1.3	\$1.3	\$7.1
<b>Total (\$M)</b>	<b>\$683.3</b>	<b>\$722.6</b>	<b>\$623.9</b>	<b>\$617.1</b>	<b>\$428.9</b>	<b>\$394.5</b>	<b>\$3,470.3</b>

## Total requested capital funds by year and agency

	FY25	FY26	FY27	FY28	FY29	FY30	Total (\$M)
Baltimore Development	\$3.0	\$3.0	\$3.0	\$3.0	\$3.0	\$3.0	\$18.0
Convention Center	\$0.2	\$0.2	\$3.0	\$4.9	\$2.4	\$5.9	\$16.7
General Services	\$15.8	\$21.8	\$17.6	\$16.3	\$15.3	\$10.9	\$97.7

# About the Capital Improvement Program

## Capital budget

The City Charter requires the Baltimore City Planning Commission recommend a six-year [Capital Improvement Program \(CIP\)](#) to the [Board of Estimates](#) each year. The first year of this plan is included as the capital portion of the Baltimore City budget, adopted by the Baltimore City Council in June of each year in a bill known as the [Ordinance of Estimates](#).

The Baltimore City budget includes both the Operating Budget Plan and first year of the Capital Improvement Plan (also known as the Capital Budget). The operating budget funds the daily business of the City, specifically covering programs, services, staff, and supplies. The capital budget funds major renovations, upgrades, or replacements of physical infrastructure and assets. [Prior year budget publications](#) are available through the Bureau of the Budget and Management Research.

The process of preparing the capital budget starts in the fall before the budget is adopted when Department of Planning staff start working with agency staff to update the six-year capital program. In January, each agency presents their proposed capital projects and program to the Planning Commission. The Planning Commission reviews the proposals and makes a recommendation to the Board of Estimates for which projects to include in six-year Capital Improvement Program. The recommended program must fit within the funding levels set forth by the Department of Finance.

## Review and adoption timeline

The Planning Commission recommends a new six-year Capital Improvement Program (CIP) each year.

- Starting in late September, the Department of Planning works with participating city agencies to solicit project requests, prioritize projects for funding, and prepare the six-year plan.
- Between December and February, Department staff collect CIP requests and performs a detailed review and prepares a public report.
- In January, city agencies present CIP priorities to Planning Commission followed by the Planning Commission review and approval of the CIP by March.

## Participating agencies

Both Baltimore City agencies and quasi-public agencies participate in the capital budget process and prepare a six-year capital program each year.

Participating entities include:

- Baltimore City Information Technology
- Baltimore City Mayor's Office
- Baltimore City Public School System
- Baltimore Convention Center
- Baltimore Development Corporation
- Department of General Services
- Department of Housing and Community Development
- Department of Public Works
- Department of Recreation and Parks
- Department of Transportation
- Enoch Pratt Free Library
- Parking Authority of Baltimore City

Agencies fund, plan and complete capital projects in different ways based on the agency structure and the needs of the agency's specific projects. For example, the Department of General Services (DGS) manages buildings used by other city agencies including the Baltimore City Fire Department, Baltimore City Police Department, and Baltimore City Health Department. The Department of General Services also makes requests and identifies priorities on behalf of the Convention Center and the Enoch Pratt Free Library.

Notably, that the Baltimore City Public School System (BCPSS) Capital Improvement Program is approved separately from that of other agencies. The largest share of funds for the school system's capital budget come from the State, through the State Public School Construction Program (PSCP) supported by the [Interagency Commission on School Construction \(IAC\)](#). The Planning Commission reviews the school system's six-year program and request to the PSCP in the fall of each year. Baltimore City's Capital Improvement Plan only includes City's funds contributed to the school system's regular capital budget so only projects supported by this funding are included in this report.

## Capital funding sources

Funding for capital improvements comes from a variety of sources, including general fund-backed sources, state and local funds, utility-related sources, and more.

### [General Funds \(Pay-as-you-go\)](#)

Revenue received from various payments to the City, such as property taxes and sale of property. General Funds are mostly used for the operating budget, but Finance allocates a certain amount for PAYGO capital each year.

### [Highway User Revenue \(HUR\)](#)

Formerly known as Motor Vehicle Revenue (MVR), funds are State Highway User Revenues allocated by formula. These state funds are restricted to eligible uses, such as transportation projects.

**General Obligation Bonds (GO Bonds)**

With voter approval, the City borrows money for specific improvements by selling general obligation bonds. GO bonds are debt secured by the full faith and credit of the City, and are presented to voters for approval every two years through questions on the general election ballot. This is a flexible fund source that allows the City to maintain some of its highest priority capital assets and programs, particularly those that are not eligible for any other fund source.

**i General Obligation Bonds in FY25-30 CIP**

For the FY24 and FY25 capital budgets, voters approved \$160 million in General Obligation (GO) bonds across four specific loans: the 4th Affordable Housing loan (\$14 million), the 50th School loan (\$38 million), the 5th Community and Economic Development loan (\$36 million), and 2nd Public Infrastructure loan (\$72 million). The loans are for two years, so each year half of the amount is budgeted.

**State Funds** Funds from the State are typically in the form of grants, including grants made through Program Open Space.

**Federal Funds** Federal loans and grants include Community Development Block Grants (CDBG), Federal Highway Administration (FHWA) grants, and other sources.

**Revenue Bonds** Bonds issued by city agencies to be repaid with future dedicated revenue, such as water, wastewater, and stormwater revenue collected from water bills by the Department of Public Works. At times, revenue bonds can be used for non-utility related projects (if an appropriate revenue source is identified and approved by the Department of Finance).

**i Revenue Bonds in FY25-30 CIP**

The Department of Finance authorized the Parking Authority of Baltimore City to budget Parking Revenue bonds as a source for FY25 to FY29 budgets. Parking revenue bonds are loans for improvements that are paid back by future revenues from parking fees and fines.

**Utility Funds** Utility funds include current operating revenues from City utilities such as water bills and conduit fees.

**Other** Other possible sources include County grants, Local Impact Aid, private monies, and Critical Area Management Program (CAMP) and Forest Conservation Offset monies.

## Evaluation criteria

Planning staff work with agency staff to determine priority projects for each agency. In making their recommendations, staff consider alignment with agency priorities, evaluation criteria and scores, what additional funding may be needed to bid projects or continue to assemble funds for construction, programmatic items at the level prioritized by the agency, constraints of the fund source, and potential for alternative sources of funding.

In recent years, Department staff worked with focus groups to update the evaluation criteria used in this process. In addition to providing helpful information for the decision-making process, the criteria can act as a guide to what is most important in a capital project, to help agencies develop the most impactful projects. The evaluation criteria are detailed in the table below.

Criteria	Key questions
Mandate	Is this required by Federal, State, or local law?
Equity	Does this address a gap in outcomes based on race, religion, gender, sexual orientation, or income?
Health and Safety	Is there an immediate or long-term health or safety benefit?
Asset Condition	What is the condition of the building or asset?
Return on Investment	Will this increase tax revenue, reduce costs to the City, or leverage other funds?
Environmental Impact	Will the project improve air or water quality or reduce greenhouse gas emissions?
Efficiency and Effectiveness	Is the project an efficient and effective solution to a problem the agency is trying to solve?

# About the Capital Improvement Program report

## Required information

The [City Charter](#) requires the Department of Planning to publish a report on the long-range Capital Improvement Program adopted by the Board of Estimates. For each capital project included in the capital budget, the report must include:

- a brief description and location,
- the total estimated cost,
- the appropriations authorized to date,
- the appropriations proposed for the next fiscal year,
- the appropriations required thereafter to complete the project,
- and the estimated additional annual maintenance and operation cost.

The goal of this report is to facilitate internal and external review of the city's Capital Improvement Program before and after the Planning Commission review and Board of Estimates adoption of the Ordinance of Estimates. Due to recent changes in Baltimore City's accounting systems, this initial report including projects details does not include appropriations authorized to date. Staff expect to add this information in a future update.

## Report organization

The report is organized into sections by agency. Each section starts with an agency overview:

- A description of the agency and the agency's typical capital projects
- A summary table of projects and detailed project profiles with requests in this 6-year program
- A summary table of projects identified as an agency priority for future requests and brief project profiles

For each detailed project profile, the report includes:

- A project code and name
- A project type (one of State of Good Repair, Modernization, New Asset, Community/Economic Development, Replacement, or (if type is not provided by an agency) not specified)
- A location description
- A table showing requests by source for the next 6 years (FY25-FY30)
- A table showing estimated project costs

Project requests from the Department of Public Works are organized by Bureau and Division (corresponding to project Cost Center) and project requests from the Department of General Services are organized by the agency using the project asset.

## Project locations

Capital requests (including design, planning, and implementation costs) associated with citywide systems and infrastructure may not be tied to a specific location. Other agency budgets support projects that may be used at one or more location as needed to respond to future urgent needs.

For projects that are specific to a physical location, the profile also includes a locator map showing the project location Community Statistical Area where the project is located. However, it is also important to remember that even these projects often provide critical services for residents outside of the location where they are physically located. The Department of Planning prepares a separate distribution analysis to evaluate the distributional equity of investments included in the proposed Capital Improvement Program.

### **Explore project locations online**

You can explore prior project locations [in this online webmap](#). Department of Planning staff expect to provide an updated online webmap for FY2025-30 requests in early 2024.

**Request and estimate tables**

Detailed project profiles include tables showing requests by year and source and estimated design, construction, and other project costs.

The detail table listing request amounts by source and fiscal year includes an abbreviated name for the source. The table below serves as a reference to explain these abbreviations.

Capital funding source names with abbreviations

	Funding source	Abbreviation
General Fund Backed Source	General Fund	General Fund
	GO Bond - Public Infrastructure	GO Bond - Infra.
	GO Bond - Affordable Housing	GO Bond - AH
	GO Bond - Community/Economic Development	GO Bond - CED
	GO Bond - Schools	GO Bond - Schools
	Highway User Revenue	HUR
	Sale of Real Property Revenue	Real Property Sale
	Utility Related	Utility Revenue
County Utility Payments		County Utility Pay.
Conduit Payments		Conduit Pay.
Revenue Bonds		Rev. Bonds
State and Federal Funds	State Grants	State Grant
	Federal Grants	Fed. Grant
	Casino Impact Aid	Casino Impact
	Pimlico Impact Aid	Pimlico Impact
Other	Special Grants	Special Grant
	Other Capital Funds	Other Cap.

Reader should note that the total request for FY25-30 may not match the total cost estimate due to several reasons. The project may be supported by another non-city funding source (e.g. a contribution from a philanthropic partner) or an agency may be in the process of funding a project over a longer period than the six-year program. Programmatic items, such as road resurfacing or façade improvement grants, may exclude estimated costs as the amount of work the agency is able to support depends largely on the amount of funding made available.

# Capital Project Requests by Agency

# Baltimore City Information Technology

## Agency overview

The Baltimore City Office of Information and Technology (BCIT) is responsible for providing information technology leadership to the entire City, utilizing and leveraging information technology to enhance productivity, broaden the capabilities, and reduce the operating costs of Baltimore City government, thereby improving the quality and timeliness of services delivered to residents. Through the agency's capital program, BCIT aims to stabilize and modernize the infrastructure and applications underlying critical city services to enable them to meet the ever-increasing demands of a digital society.

BCIT's capital projects include updating major applications, public safety technology, and network infrastructure upgrades.

# Baltimore City Mayor's Office

## Agency overview

The Baltimore City Charter establishes the Mayor as the chief executive officer and empowers the appointment of persons to aid in the discharge of duties. The Mayor's Office oversees the operation of City departments, establishes citywide policies, reviews and develops programs, and executes ordinances and resolutions.

Typical capital projects include those funded through the Cultural Spaces Capital Support program, through which it supports organizations that promote arts and culture in Baltimore City. Capital projects also include Mayoral priorities.

# Baltimore City Public Schools

## Agency overview

The Baltimore City Public School System mission is to provide excellence in education for every child at every level by focusing on quality instruction, managing systems efficiently, and sustaining a culture of excellence. To support City Schools mission, the Board of School Commissioners is responsible for providing policy direction and wide-ranging oversight that includes closely monitoring student achievement and the budget, as well as appointing key staff. The agency is responsible for maintaining 138 buildings, as well as an additional 10 administrative buildings, 10 modular buildings, and 29 portables (151 rooms).

Typical projects include major renovations and replacements for schools not being upgraded through the 21st Century Schools initiative, as well as systemic building improvements (windows, doors, electrical systems, fire suppression systems, HVAC systems, and more).

# Baltimore Convention Center

## Agency overview

The Baltimore Convention Center (BCC) serves Baltimore City and the State of Maryland as a catalyst for tourism and economic development. Built in 1979, the Convention Center sells space to host events, trade shows and events by local and community, national, and international associations. The events bring attendees from outside the region to the city, which spurs positive economic impact and tax revenue generation for the City and State. Every year, the Convention Center brings in an average of 500,000 attendees and hosts over 115 events. The Convention Complex was created by City ordinance to operate and maintain the Convention Center. Following the completion of a major expansion in 1996, the Convention Center has 300,000 sq. ft. of exhibit space, making it the 47th largest convention center in the country.

The Department of General Services makes requests for capital projects on behalf of the Convention Center.

## Additional priority projects

Baltimore Convention Center has identified 6 additional projects as a high priority.

---

Project	
PRJ003186	Convention Center - High Voltage Switchgear Replacement
PRJ003192	Convention Center - HVAC Metering Valves
PRJ003193	Convention Center - Waste Sorting Control Area
PRJ003195	Convention Center - Security Camera System Upgrades
PRJ003198	Convention Center - Two Way Radio Replacement & Improvement
PRJ003202	Convention Center - Security Bollard Upgrades

---

**PRJ003192: Convention Center - HVAC Metering Valves**

Replacement of the two and three way valves for the coil units in the buildings HVAC system.

**Project type** State of Good Repair

**Location** 1 West Pratt St. (B06033)

**Cost center** Convention Center

**Operating impact**  
Decreased repair/operating costs

**Estimated costs (\$K)**  
\$5,179

**PRJ003186: Convention Center - High Voltage Switchgear Replacement**

Replace the buildings main electrical switchgear, which is currently outdated and beyond its useful life, to meet the demands of modern technology and align with current building codes.

**Project type** State of Good Repair

**Location** 1 West Pratt St. (B06033)

**Cost center** Convention Center

**Operating impact**  
Decreased repair/maintenance costs

**Estimated costs (\$K)**  
\$1,500

**PRJ003202: Convention Center - Security Bollard Upgrades**

Replace or reposition Bollards that are not properly placed to be effective and add new bollards in unprotected areas of vulnerability.

**Project type** State of Good Repair

**Location** 1 West Pratt St. (B06033)

**Cost center** Convention Center

**Operating impact**

No impact

**Estimated costs (\$K)**

\$275

**PRJ003195: Convention Center - Security Camera System Upgrades**

Replace the current CCTV System with an updated/efficient technology, and add cameras to cover vulnerable areas.

**Project type** State of Good Repair

**Location** 1 West Pratt St. (B06033)

**Cost center** Convention Center

**Operating impact**

Decreased repair/operating costs

**Estimated costs (\$K)**

\$800

**PRJ003198: Convention Center - Two Way Radio Replacement & Improvement**

Replace and upgrade all out-of-date equipment and technology for buildings radio communications.

**Project type** State of Good Repair

**Location** 1 West Pratt St. (B06033)

**Cost center** Convention Center

**Operating impact**

Decreased repair/maintenance costs

**Estimated costs (\$K)**

\$275

**PRJ003193: Convention Center - Waste Sorting Control Area**

Create a dedicated waste sorting area for solid and hazardous waste.

**Project type** State of Good Repair

**Location** 1 West Pratt St. (B06033)

**Cost center** Convention Center

**Operating impact**  
Decreased repair/operating costs

**Estimated costs (\$K)**  
\$300

# Baltimore Development Corporation

## Agency overview

The Baltimore Development Corporation (BDC) is a non-profit organization, which serves as the economic development agency for the City of Baltimore. BDC's mission is to grow the city's economy in an inclusive manner by retaining, expanding and attracting businesses, and promoting investment, thereby increasing career opportunities for residents.

BDC's capital program is focused on its business support programs, including loans and grants for small businesses.

# Department of General Services

## Agency overview

The Department of General Services (DGS) was approved by the citizens of Baltimore in the November 2008 General Election and began operations as an independent agency on July 1, 2009. DGS is comprised of five divisions: Administration, Fleet Management, Facilities Management, Public and Private Energy Performance, and Capital Projects Division/Design and Construction. DGS is committed to providing healthy work environments and safe, reliable vehicles for City employees by delivering customer service to City agencies, which serve Baltimore's community members and stakeholders.

The Department of General Services acts as the central design and construction agency for improvements to most of the City's buildings.

## Additional priority projects

Department of General Services has identified 6 additional projects as a high priority.

---

Project	
PRJ002456	Northeastern District - Station Renovation/Replacement
PRJ002457	Northwestern District - Station Renovation/Replacement
PRJ002749	City Hall - HVAC Replacement
PRJ003014	Benton Building - HVAC Replacement
PRJ003029	Northern CAC - Roofing & Fire Protection System
PRJ003076	Clarence Mitchell Courthouse - HVAC Replacement

---

**PRJ002456: Northeastern District - Station Renovation/Replacement**

Construct a new ground-up facility capable of meeting modern policing needs for the relocation of the Northeastern Police Station from its current location.

**Project type** New Asset

**Location** 4701 Sinclair Lane - Proposed Location

**Cost center** General Services

**Operating impact**  
Decreased repair/operating costs

**Estimated costs (\$K)**  
\$60,183

**PRJ002457: Northwestern District - Station Renovation/Replacement**

Construct a new ground-up facility capable of meeting modern policing needs for the relocation of the Northwestern Police Station from its current location.

**Project type** New Asset

**Location** 3500 W. Northern Parkway - Proposed Location

**Cost center** General Services

**Operating impact**  
Decreased repair/operating costs

**Estimated costs (\$K)**  
\$81,374

**PRJ002749: City Hall - HVAC Replacement**

Replace the outdated HVAC system, which has exceeded its useful life, with modern, energy-efficient equipment.

**Project type** State of Good Repair

**Location** 100 N. Holliday St. (B00056)

**Cost center** General Services

**Operating impact**

Decreased repair/operating costs

**Estimated costs (\$K)**

\$7,600

**PRJ003014: Benton Building - HVAC Replacement**

Replace the outdated HVAC system, which has exceeded its useful life, with modern, energy-efficient equipment.

**Project type** State of Good Repair

**Location** 417 East Fayette (B00050)

**Cost center** General Services

**Operating impact**

Decreased repair/operating costs

**Estimated costs (\$K)**

\$15,350

**PRJ003076: Clarence Mitchell Courthouse - HVAC Replacement**

Replace the outdated HVAC system, which has exceeded its useful life, with modern, energy-efficient equipment.

**Project type** State of Good Repair

**Location** 100 N. Calvert St. (B00061)

**Cost center** General Services

**Operating impact**

Decreased repair/operating costs

**Estimated costs (\$K)**

\$30,000

**PRJ003029: Northern CAC - Roofing & Fire Protection System**

Replace the existing roof and fire protection system at the specified location, which has exceeded its useful life.

**Project type** State of Good Repair

**Location** 5225 York Rd. (B00181)

**Cost center** General Services

**Operating impact**  
Decreased repair/operating costs

**Estimated costs (\$K)**  
\$2,800

# Department of Housing and Community Development

## Agency overview

The Department of Housing and Community Development (DHCD) mission is to ensure that all residents of Baltimore City have access to adequate and affordable housing opportunities in safe, livable, and decent neighborhoods. The Department is committed to expanding housing choices and promoting healthy neighborhoods for all Baltimore residents. Major responsibilities of DHCD include working with communities and other Departments to create equitable and thriving neighborhoods while minimizing displacement through a broad range of investments, code enforcement interventions, property redevelopment, supporting capacity building for community organizations, funding before and after-care programs, summer food programs, emergency assistance, and other human services.

Typical capital projects include demolition/stabilization and associated activities, major redevelopment projects, and homeowner or home repair assistance programs.

**PRJ002676: HOME Investment Partnerships Program**

HOME funds and the local match are used to provide gap financing to housing developments financed using Low Income Housing Tax Credits serving residents at 60% and below of area median income, adjusted for family size. This program supports the Mayor’s Citywide goals of supporting equitable neighborhood development and providing a range of housing opportunities. This request also meets multiple Planning Commission evaluation criteria including correcting a blighting condition, leveraging other funds, and is critical to implementing approved master plans.

**PRJ003201: On-Call Infrastructure Assessment & Analysis Services**

Funding would enable DHCD to utilize DOT on-call contracts or to release a Request for Qualifications for a consultant to work with both agencies and developers on two primary activities. The consultant would review proposed public infrastructure budgets for redevelopment initiatives that are funded with City sources and constructed by the developer under the terms of an approved Public Works Development Agreement. Second, the consultant would prepare assessments to identify the conditions of existing infrastructure and costs to upgrade or replace. This information would be used when evaluating DHCD’s requests for redevelopment in Impact of Investment Areas as part of the Standard of Care criteria and to prepare funding requests for pipeline redevelopment initiatives in Impact Investment Areas and major redevelopment sites.

**PRJ002434: Perkins/Somerset/Oldtown (PSO) Affordable Housing Redevelopment**

To meet the City’s annual Perkins Somerset Oldtown (PSO)/ Choice obligation of providing \$500,000 from its Affordable Housing Program Bonds to support the construction of affordable rental housing at the Somerset and Perkins sites. These funds are a condition to satisfying the Choice Neighborhoods Grant Agreement requirement that 1,364 rental units be available at the Perkins and Somerset sites by September 30,2025. Because the City and Housing Authority are co-grantees, failure to satisfy this term could be considered a default. In the event of a default, the City and Housing Authority would be jointly liable to repay HUD Funds and would likely be disqualified from future Choice or other HUD grant awards.

## Additional priority projects

Department of Housing and Community Development has identified 12 additional projects as a high priority.

---

	Project
PRJ000351	Land Resources Administration
PRJ001085	Affordable Housing Program (AHP) - Johnston Square
PRJ002731	Perkins Rental 2A (226 Caroline St.) Construction Loan
PRJ002743	Perkins/Somerset/Oldtown (PSO) Infrastructure - Phase II Construction
PRJ003004	Planned Demo Clearance (CDBG-46)
PRJ003005	Planned Demo Clearance (CDBG-49)
PRJ003031	Stockton Street Park Acquisitions
PRJ003240	Broadway East Greenprint Plan Implementation
PRJ003242	East Baltimore Neighborhood Development Fund (NDF)
PRJ003298	Poppleton Recreation Center - Southwest Partnership
PRJ003299	Project C.O.R.E. Parks - Parks & People Foundation
PRJ003304	Sandtown Center - Clergy United for the Transformation of Sandtown (CUTS)

---

**PRJ003298: Poppleton Recreation Center - Southwest Partnership**

This project is rehabilitating the Poppleton Rec Center to provide a site for recreational programming for children and adults in southwest Baltimore, especially in the Poppleton neighborhood. The Rec Center has long been vacant, and rehab costs include the replacement of major systems, the installation of a Lula Lift to make the building more accessible, and renovation of the interior spaces to provide flex-class room space, offices, and a locker room, restrooms, and snack bar that will serve the adjacent public pool in Model Park. Programming will be provided at the Recreation Center and adjacent fields, and transportation will be provided to key recreational sites in the area to increase access to quality recreational opportunities.

**Project type** Community or Economic Development

**Location** Former Poppleton Recreation Center

**Cost center** Housing and Community Development CDBG

**PRJ001085: Affordable Housing Program (AHP) - Johnston Square**

Funding to support the remaining acquisition, relocation, demolition and redevelopment activities throughout the Johnston Square neighborhood, which is one of the City's Impact Investment Areas. This project will support the preservation and creation of quality, affordable housing, both rental & homeownership opportunities, to achieve a successful and equitable mixed-income community.

**Project type** Community or Economic Development

**Location** Johnston Square Acquisition

**Cost center** Housing and Community Development

**Operating impact**  
No impact

**Estimated costs (\$K)**  
\$600

**PRJ002743: Perkins/Somerset/Oldtown (PSO) Infrastructure - Phase II Construction**

To construct the public infrastructure necessary for Phase II of the NHP 17-acre redevelopment site.

**Project type** Community or Economic Development

**Location** Multiple locations citywide

**Cost center** Housing and Community Development

**Operating impact**  
No impact

**Estimated costs (\$K)**  
\$6,200

**PRJ003304: Sandtown Center - Clergy United for the Transformation of Sandtown (CUTS)**

CUTS is creating the Sandtown Center through the support of Community Development Block Grant funding. This funding will assist us with the pre-development funding needed for the design of the building. Funds will be used for the development of the Sandtown Community Development Center.

**Project type** Community or Economic Development

**Location** Sandtown Center

**Cost center** Housing and Community Development CDBG

**PRJ003031: Stockton Street Park Acquisitions**

Acquisition of 2412 and 2414 N. Stockton Street to facilitate the creation of a new park and intentional community healing space to serve the greater Penn-North community.

**Project type** Community or Economic Development

**Location** 2412-2414 N. Stockton St.

**Cost center** Housing and Community Development

**PRJ003240: Broadway East Greenprint Plan Implementation**

Funding would enable DHCD to create community-based connected networks of open spaces through “Greenprints” throughout its Impact Investment Areas.

**Project type** Community or Economic Development

**Cost center** Housing and Community Development

**PRJ003242: East Baltimore Neighborhood Development Fund (NDF)**

Project will support acquisition, rehabilitation and redevelopment of vacant properties in East Baltimore neighborhoods. Work will begin in the 4x4, South Clifton Park, Berea, and Darley Park neighborhoods.

**Project type** Community or Economic Development

**Cost center** Housing and Community Development

**PRJ000351: Land Resources Administration**

HOME funds and the local match are used to provide gap financing to housing developments financed using Low Income Housing Tax Credits serving residents at 60% and below of area median income, adjusted for family size. This program supports the Mayor's Citywide goals of supporting equitable neighborhood development and providing a range of housing opportunities. This request also meets multiple Planning Commission evaluation criteria including correcting a blighting condition, leveraging other funds, and is critical to implementing approved master plans.

**Project type** Unspecified

**Cost center** Housing and Community Development

**PRJ002731: Perkins Rental 2A (226 Caroline St.) Construction Loan**

This transfer funds will provide a loan to cover a portion of the hard construction costs of Perkins Rental 2A at 226 Caroline Street for affordable housing. The loan will have a 40-year term and repayment will be made from a portion of available cash flow after servicing the first mortgage according to the CDA contingent interest calculation.

**Project type** Community or Economic Development

**Cost center** Housing and Community Development HOME

**PRJ003004: Planned Demo Clearance (CDBG-46)**

Demolition and Stabilization

**Project type** Unspecified

**Location** Multiple locations citywide

**Cost center** Housing and Community Development CDBG

**PRJ003005: Planned Demo Clearance (CDBG-49)**

Demolition and Stabilization

**Project type** Unspecified

**Location** Multiple locations citywide

**Cost center** Housing and Community Development CDBG

**PRJ003299: Project C.O.R.E. Parks - Parks & People Foundation**

The creation of beautiful parks in neighborhoods with a history of disinvestment is a proven efficient and effective catalyst for community engagement and economic investment.

**Project type** Community or Economic Development

**Cost center** Housing and Community Development CDBG

# Department of Public Works

## Agency overview

The Department of Public Works (DPW) mission is to enhance and sustain healthy quality of life for every resident and customer by providing efficient management of its services. The Department of Public Works consists of three major divisions: the Bureau of Solid Waste, the Bureau of Water and Wastewater, and the Surface Water Service (Stormwater). The Bureau of Solid Waste is responsible for providing waste removal and recycling services, including curbside collection of mixed refuse, recycling, and seasonal waste for residents in around 210,000 households. The Bureau also provides vacant and abandoned property maintenance services, rat control services, as well as public right-of-way cleaning of streets, alleys, and lots. The Bureau of Water and Wastewater is responsible for the operation of a water distribution system that supplies water to 1.8 million customers in the Baltimore Metropolitan Region. These responsibilities include the operation, maintenance, and security of three watershed systems; three filtration plants; pumping stations; and 3,800 miles of water distribution mains. The Bureau's wastewater activities include collection and treatment of wastewater, the operation and maintenance of two wastewater treatment plants, approximately 3,100 miles of collection and conveyance lines, pumping stations, and the City's system of storm drains. The Surface Water Service consolidates all Stormwater related functions. The Division's mission is to restore the City's surface water to swimmable, fishable conditions in compliance with the Environmental Protection Agency and the Clean Water Act.

Capital projects include improvements to all facilities related to solid waste, water, wastewater, and stormwater service. Project involve repairs for pipes, pumping stations, water filtration, sewage treatment, reservoirs, and more.

**PRJ003270: Baltimore City Stormwater Master Plan**

The proposed project will develop a masterplan for Stormwater utility in Baltimore City over the next 20 year period. The project scope will include data gathering, compilation and evaluation of existing stormwater data, review of available condition assessment data, development of ratings system for prioritization for R&R, including capacity and remaining useful life, limited hydraulic modelling, determination of appropriate level of service, gap analysis, etc. The proposed project will help the City to have a cohesive approach to the Stormwater Utility needs in the medium to long term.

**PRJ002069: Eastern Sanitation Yard Improvements**

The purpose of this project is to construct improvements at the Eastern District Collection Facility to support the collection and transfer/disposal of solid waste within this eastern region of the City. One of the major improvements include installation of a citizen's convenience drop-off center which will facilitate six roll-off containers. Other improvement include the renovation of the existing Staff Building consisting of the installations of restrooms, showers, breaker room and storage room. Also, a new Administration Building is proposed for the Solid Waste Division which is to include four offices, fourteen cubicle spaces, restrooms and kitchen along with the addition of a new parking area and associated site utilities.

**Project type** Unspecified

**Location** 6101 Bowleys Lane

**Cost center** Solid Waste

**Estimated costs (\$K)**  
\$2,572

**PRJ003227: Beckleysville Road Bridge (BC6516) Rehabilitation**

This bridge has deteriorated since its construction. In the best interest of protecting the public safety the bridge will need to be rehabilitated.

**Project type** Replacement

**Location** Prettyboy Reservoir Vicinity

**Cost center** Water Supply

**Operating impact**  
No impact

**Estimated costs (\$K)**  
\$12,042

**PRJ002512: Southeast Sanitation Yard Renovation**

Renovate the facilities at the Southeast Sanitation Yard at 111 Kane Street.

**Project type** Unspecified

**Location** 111 Kane Street

**Cost center** Solid Waste

### **PRJ003015: FY25 - Northwest Transfer Station Compliance and Maintenance**

The transfer station solid waste permit requires monitoring of multiple media including, air quality, leachate, and stormwater. This capital funding will hire contractors to perform all necessary environmental control and monitoring projects to maintain compliance with permits and allow the continued safe operation of the facility. Projects include sanitation drain improvement for leachate collection and disposal, stormwater drain maintenance and monitoring, and other, as-needed, compliance work. Furthermore, the transfer station solid waste permit requires the tipping floor to be free of materials by end of business daily. The transfer station currently uses a pit and compactor system to load materials into transfer trailers. This system has seen several challenges in functionality due to a lack of maintenance. This has reduced the ability to keep the floor clean by day's end and has reduced the amount of material (trash and recycling) the transfer station is able to accept while remaining in compliance

**Project type** State of Good Repair

**Location** 5030 Reisterstown Road

**Cost center** Solid Waste

### **PRJ001596: Quarantine Road Landfill E&S Control and Wet Pond**

Sediment Erosion Control Plan 12310 expired in July 2016. A new sediment erosion control plan needs to be developed, approved, and implemented on site. The Plan needs to address the following: Convert Basin 1 and 2 to wet ponds; Repair the drop-down device in Basin 3; Dredge Basin 4; and Repair the watering device in Basin A.

**Project type** Unspecified

**Location** 6100 Quarantine Road

**Cost center** Solid Waste

**Estimated costs (\$K)**

\$1,562

### **PRJ001851: Quarantine Road Landfill Groundwater Monitoring Well Replacement and Compliance Services**

Replace the existing groundwater monitoring wells with new monitoring well.

**Project type** Unspecified

**Location** 6100 Quarantine Road

**Cost center** Solid Waste

**Estimated costs (\$K)**  
\$2,218

**PRJ002012: Quarantine Road Landfill Leachate Conveyance Upgrade**

Two leachate collection trenches of 200 ft and 300 ft each and a pump station are to be installed on-site. The collected leachate is to be discharged off-site to the sanitary sewer through the proposed automated pumping operation.

**Project type** Unspecified

**Location** Quarantine Road Landfill Operations Main Building

**Cost center** Solid Waste

**PRJ002682: Western Sanitation Yard Renovation**

Renovate the facilities at the Western Sanitation Yard at Reedbird Ave.

**Project type** Modernization

**Location** 701 Reedbird Avenue

**Cost center** Solid Waste

**PRJ002933: Aerated Static Pile Compost Facilities**

The LWBB study recommends diversion of organic material by expanding the City's small-scale organics processing capacity by constructing four aerated static compost piles throughout the city.

**Project type** New Asset

**Location** Multiple potential locations

**Cost center** Solid Waste

**Estimated costs (\$K)**  
\$16,308

**PRJ003173: FY25 - Storm Drainage System Repairs**

This project will rehabilitate, replace, and repair as necessary to improve the City's storm drain system and ensure that the system meets City standards.

**Project type** State of Good Repair

**Cost center** Stormwater Pollution

**PRJ001101: 210 Guilford Avenue Renovation (WC1390)**

Complete demolition and renovation of interior for the existing building at 210 Guilford Street, including the attached parking garage.

**Project type** Unspecified

**Location** 210 Guilford Avenue

**Cost center** Wastewater

**Estimated costs (\$K)**  
\$810

**PRJ002774: Back River Effluent Filter Rehabilitation (SC1037)**

Previously was SC 883 Rehabilitate repair and replace facilities at Washington Blvd Water Pumping Station and Curtis Bay Tanks.

**Project type** Unspecified

**Location** Back River Wastewater Treatment Plant

**Cost center** Wastewater

**PRJ002581: Back River Egg-Shaped Digester Rehabilitation (SC992)**

The Back River WWTP Egg-Shaped Digesters require funding for structure, equipment and systems repair, rehabilitation and replacement

**Project type** Unspecified

**Location** Back River Wastewater Treatment Plant

**Cost center** Wastewater

**PRJ003290: Back River Plant-Wide Odor Control Facilities**

The project will provide services in various locations with proper mechanisms and engineering.

**Project type** Unspecified

**Location** Back River Wastewater Treatment Plant

**Cost center** Wastewater

**Estimated costs (\$K)**  
\$1,620

**PRJ001748: Back River Power System Improvements (SC927)**

The work consists primarily of electrical distribution system improvements throughout the PWWTP. Construction of new underground electrical duct banks, replacement of existing switch gear.

**Project type** Unspecified

**Location** Back River Wastewater Treatment Plant

**Cost center** Wastewater

**PRJ001309: Back River Primary Settling Tank (PST) 3 & 4 Rehabilitation (SC954)**

Renovate the Primary Settling Tanks 3 & 4 at the Back River Wastewater Treatment Plant

**Project type** Unspecified

**Location** Back River Wastewater Treatment Plant

**Cost center** Wastewater

**PRJ003296: Patapsco Low-Lift Pumping Station Rehabilitation**

Urgent need for visual inspections indicated that the pipes were aging.

**Project type** Unspecified

**Location** Patapsco Pumping and Blower Building

**Cost center** Wastewater

Estimated costs (\$K)

\$1,620

**PRJ003292: Patapsco Plant-Wide Odor Control Facilities**

Enhancement and rehabilitation of the sewer system.

**Project type** Unspecified

**Location** Patapsco Wastewater Treatment Plant Campus

**Cost center** Wastewater

Estimated costs (\$K)

\$432

**PRJ002582: Annual Wastewater Facilities Improvements**

Funds are needed to rehabilitate, repair, and or replace wastewater treatment facility and wastewater pumping facility systems to maintain operations functionality and performance reliability of aging systems critical to performance and permit compliance. Projects are necessary to correct dangerous conditions and address aging systems to protect the environment and protect the health and safety of the public and operations staff.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ003297: Back River & Patapsco Green Energy Facility Plans**

Provide better upgrades of pipes and structures.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ002948: Gwynns Falls Sewershed Improvements - Phase II - Conveyance Upgrade**

The project is part of Modified Consent Decree. Sewer overflows, capacity by reducing sewage overflows.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ001070: Herring Run Sanitary Sewer Overflow Rehabilitation Program**

Rehab work will reduce SSO that will impact traffic, City homes (basement backup), County consumer, City businesses and risk to human health.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ002809: Herring Run Sewershed Inflow & Infiltration Reduction - Area A (SC1004) - Phase II**

The purpose of the comprehensive rehabilitation of the sanitary sewer meter basins is to remove rainfall dependent inflow/infiltration and reclaim the lost capacity in the affected sewers.

**Project type** Unspecified

**Cost center** Wastewater

**Estimated costs (\$K)**  
\$19,823

**PRJ002810: Herring Run Sewershed Inflow & Infiltration Reduction - Area B (SC1005) - Phase II**

The purpose of the comprehensive rehabilitation of the sanitary sewer meter basins is to remove rainfall dependent Inflow/Infiltration (I/I) and reclaim the lost capacity in the affected sewers.

**Project type** Unspecified

**Cost center** Wastewater

**Estimated costs (\$K)**  
\$23,434

**PRJ000629: Hi Level Interceptor (SC985)**

Rehabilitation of approx. 11,300 LF of sewer via CIPP lining, Rehabilitation of approx. 5,200 LF of sewer via Segmental Slip Lining method, Installation of approx. 73 manholes and installation of 28 new manholes.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ001234: Horners Lane Siphon across Armistead Run Repairs (SC969)**

Horners Lane Siphon consists of 1 24 inch diameter reinforced concrete pipe, visual inspections indicate that the siphon is exposed at the creek crossing.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ000627: Jones Falls Pump Station Rehabilitation (SC993)**

Replacement of existing raw wastewater pumps.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ002811: Jones Falls Sewershed Inflow & Infiltration Reduction - Area A (SC1006) - Phase II**

The purpose of the comprehensive rehabilitation of the sanitary sewer meter basins is to remove rainfall dependent Inflow/Infiltration (I/I) and reclaim the lost capacity in the affected sewers.

**Project type** Unspecified

**Cost center** Wastewater

**Estimated costs (\$K)**  
\$24,340

**PRJ002812: Jones Falls Sewershed Inflow & Infiltration Reduction - Area B (SC1007) - Phase II**

The purpose of the comprehensive rehabilitation of the sanitary sewer meter basins is to remove rainfall dependent Inflow/Infiltration (I/I) and reclaim the lost capacity in the affected sewers.

**Project type** Unspecified

**Cost center** Wastewater

**Estimated costs (\$K)**  
\$5,953

**PRJ002221: Jones Falls Sewershed Rehabilitation (SC1014)**

The purpose of the comprehensive rehabilitation of the sanitary sewer meter basins is to remove rainfall dependent Inflow/Infiltration (I/I) and reclaim the lost capacity in the affected sewers.

**Project type** Unspecified

**Cost center** Wastewater

**Estimated costs (\$K)**  
\$120

**PRJ003284: Low Level Sewershed Inflow and Infiltration Reduction - Project 02 (SC1009)**

The purpose of the comprehensive rehabilitation of the sanitary sewer meter basins is to remove rainfall dependent Inflow/Infiltration (I/I) and reclaim the lost capacity in the affected sewers.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ001198: Outfall Sewershed Improvement (SC919)**

This project is part of modified consent decree. Rehab work will increase capacity by reducing sewage overflows.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ003291: Patapsco Centrate Treatment Facilities - Inspection/Maintenance**

Intent of the project is to provide overall inspection and maintenance of the structures.

**Project type** Unspecified

**Cost center** Wastewater

**Estimated costs (\$K)**  
\$4,320

**PRJ002207: Sanitary Sewer CCTV Assesment Services - Zone D (SC1022)**

CCTV, LASER and SONAR inspection of approximately 12,000 LF of sanitary sewer ranging in diameter from 8 inches to 12 inches. This inspection work is required to assess the condition of the sewers to provide repair recommendations for follow up rehabilitation.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ002566: Sanitary Sewer Interceptors and Siphons - Project 1303.2 Amendment 1**

The project will focus on inspection all large interceptors 20 inch and up and all siphons.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ002955: Sanitary Sewer Interceptors and Siphons Assessment/Analysis - Project 1303.1 Amendment 1**

The project will focus on inspection all large interceptors 20 inch and up and all siphons.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ003294: Sanitary Sewer On-Call Engineering Services (SC1038)**

This project will provide engineering services for the improvement of sanitary sewers in various locations throughout the City of Baltimore.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ002370: Sanitary Sewer Overflow Outfall 156 (SC1028)**

The project will prevent SSO's, reduce infiltration and inflow, address capacity problems and improve the overall condition of the aging sewer system.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ002492: Sanitary Sewer Urgent Needs Improvements (SC1029)**

This project is for the urgent need to rehabilitate, repair and replace the wastewater collection and conveyance system in various locations.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ002577: Sanitary Sewer Urgent Needs Improvements - Zone 2 (SC1030)**

This project is for the urgent need to rehabilitate, repair and replace the wastewater collection and conveyance system in various locations.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ003293: Sanitary Sewer Urgent Needs Improvements - Zone 2 (SC1039)**

This project is for the urgent need to rehabilitate, repair and replace the wastewater collection and conveyance system in various locations.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ003143: Sanitary Sewers Urgent Needs Improvements - Zone 2 (SC1039)**

Provide additional supporting text detailing project scope and purpose and defining the problem to solve including project drivers, past problems/issues, expected impacts, analysis performed, data reviewed, alignment with organization with organizational and master plan goals, and major assumptions and risks.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ000634: Southwest Diversion Sewer Improvements (SC866)**

This project replaces an aging pressure sewer line and addresses probable future failures due to microbiological influenced corrosion.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ000939: Wastewater Collection System Improvements - Gwynns Falls (SC947)**

The scope of this project includes the technical support of the wastewater collection system in Baltimore City Sewersheds.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ001201: Wastewater Collection System Improvements - Herring Run (SC945)**

Engineering services in support of improvements to the wastewater collection system in Baltimore City Sewersheds.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ002570: CMMS Implementation for Facilities**

Implementation of Cityworks CMMS to all DPW water & wastewater facilities.

**Project type** Unspecified

**Cost center** Wastewater

**PRJ003155: FY25 - Urgent Needs Water Infrastructure - Contract I**

The purpose of this contract is to rehabilitate, replace and repair 6-inch through 24 inch ductile iron pipe, valves up to 36", fittings, and appurtenances, replacement/installation of fire hydrants, small (residential) and large meter settings.

**Project type** Unspecified

**Location** Citywide

**Cost center** Water Supply

**Operating impact**  
No impact

**PRJ003156: FY25 - Urgent Needs Water Infrastructure - Contract II**

The purpose of this contract is to rehabilitate, replace and repair 6-inch through 24 inch ductile iron pipe, valves up to 36", fittings, and appurtenances, replacement/installation of fire hydrants, small (residential) and large meter settings.

**Project type** Unspecified

**Location** Citywide

**Cost center** Water Supply

**Operating impact**  
No impact

**PRJ003157: FY25 - Urgent Needs Water Infrastructure - Contract III**

The purpose of this contract is to rehabilitate, replace and repair 6-inch through 24 inch ductile iron pipe, valves up to 36", fittings, and appurtenances, replacement/installation of fire hydrants, small (residential) and large meter settings.

**Project type** Unspecified

**Location** Citywide

**Cost center** Water Supply

**Operating impact**  
No impact

**PRJ003174: FY25 - Water Engineering Services**

This project will be utilized for design and engineering service to meet the annual 15-mile goal of replacing water mains throughout the City.

**Project type** Modernization

**Location** Citywide

**Cost center** Water Supply

**Operating impact**  
No impact

**Estimated costs (\$K)**

\$5,454

**PRJ003177: FY28 - Water Main Replacements**

Replacement of approximately 21,000 +/- LF (~4 miles) of ex 6-inch thru 20-inch water mains at various locations in the City.

**Project type** Replacement

**Location** Citywide

**Cost center** Water Supply

**Operating impact**  
No impact

**Estimated costs (\$K)**  
\$20,375

**PRJ003175: FY29 - Water Engineering Services**

This project will be utilized for design and engineering service to meet the annual 15-mile goal of replacing water mains throughout the City.

**Project type** Modernization

**Location** Citywide

**Cost center** Water Supply

**Operating impact**  
No impact

**Estimated costs (\$K)**  
\$5,454

**PRJ003179: On-Call Carbon Fiber Repair Services**

Provide on-call repairs to large carbon fiber reinforced polymer water mains.

**Project type** Unspecified

**Location** Citywide

**Cost center** Water Supply

**Operating impact**  
No impact

**PRJ003178: Upper Fells Point Water Main Replacement (WC1313)**

Water main replacement in Upp Fells Point & West Canton neighborhoods.

**Project type** Replacement

**Location** Citywide

**Cost center** Water Supply

**Operating impact**  
No impact

**Estimated costs (\$K)**  
\$20,055

# Department of Recreation and Parks

## Agency overview

Baltimore City Recreation and Parks (BCRP) is the primary provider of recreational, cultural, and physical activities to the residents of the City of Baltimore. Active lifestyles and a connection to nature have been scientifically proven to improve both physical and mental health in all age groups. BCRP provides a wide range of activities in its sports facilities and forty-seven community centers. City residents can participate in indoor and outdoor aquatics, ice and roller skating, hockey, soccer, basketball, football, dancing, acting, music, tennis, track and field, boxing, after-school and out-of-school programs. The Bureau of Parks is responsible for the beautification, management and maintenance of 4,600 acres of parkland. It also plans and implements outdoor recreation programs in City parks, including nature and environmental education at Carrie Murray Nature Center. The Horticulture Division is responsible for the Rawlings Conservatory and Cylburn Arboretum. The Urban Forestry Division is responsible for the planting and caring of all trees in the public rights-of-way and City parks. Park Programs is responsible for the Rhythm and Reels, park permits, park volunteer program, the “\$5 5K” running series, biking, kayaking, hiking, and camping in city parks.

Typical capital projects include improvements to parks, recreation centers, athletic fields and courts, playgrounds, and other facilities.

**Additional priority projects**

Department of Recreation and Parks has identified 11 additional projects as a high priority.

---

Project	
PRJ000859	Robert Marshall Field Improvements
PRJ001534	Bocek Park Athletic Center Renovation
PRJ001639	Patterson Park Master Plan Implementation
PRJ002136	C.C. Jackson Park Expansion
PRJ002137	BCRP Comprehensive Plan
PRJ002703	Druid Hill Comfort Station/Park Field House Renovations
PRJ002709	Solo Gibbs Park - Phase I Construction
PRJ002814	Greater Model Pool Improvements
PRJ002884	Curtis Bay Recreation Center Construction
PRJ003233	Wilber Waters Park Concept Plan
PRJ003234	Keyworth and Luzerne Ave. Park Improvements

---

**PRJ002814: Greater Model Pool Improvements**

Construction of pool improvements to Greater Model Park will include a redesigned and expanded pool facility with splash components and a restroom structure.

**Project type** Replacement

**Location** 1055 W. Saratoga St.

**Cost center** Recreation and Parks

**Operating impact**  
No impact

**Estimated costs (\$K)**  
\$6,150

**PRJ001534: Bocek Park Athletic Center Renovation**

Renovate and upgrade the layout and facilities at Bocek Park including a gym addition on to the newly renovated existing field house. Relocate and construct new basketball courts that will be displaced due to the gym addition. Future projects include two softball fields and two multi-purpose fields (one with artificial turf) with surface improvements and lighting.

**Project type** Modernization

**Location** 3000 E. Madison St.

**Cost center** Recreation and Parks

**Operating impact**  
No impact

**Estimated costs (\$K)**  
\$9,265

**PRJ002136: C.C. Jackson Park Expansion**

Construction of expanded CC Jackson Park, as recommended in the Park Heights Master Plan and a 2019/2020 park master plan. Park expansion will provide visibility on Park Heights Avenue

**Project type** Modernization

**Location** 4910 Park Heights Avenue

**Related plan** CC Jackson Park Masterplan

**Cost center** Recreation and Parks

**Operating impact**  
No impact

**Estimated costs (\$K)**  
\$5,342

**PRJ002884: Curtis Bay Recreation Center Construction**

Construct a new neighborhood scale recreation center adjacent to Myers Pavilion and across the street from Curtis Bay Elementary.

**Project type** New Asset

**Location** 4302 Bay Ave.

**Cost center** Recreation and Parks

**Operating impact**  
Increased operating costs

**Estimated costs (\$K)**  
\$13,800

**PRJ002703: Druid Hill Comfort Station/Park Field House Renovations**

Renovate Druid Hill Park comfort station including interior improvements for ADA compliance, roof and building systems.

**Project type** Replacement

**Location** 2700 Madison Ave.

**Cost center** Recreation and Parks

**Operating impact**  
No impact

**Estimated costs (\$K)**  
\$815

**PRJ003234: Keyworth and Luzerne Ave. Park Improvements**

These two mini parks are located along alleys behind houses. Work with local communities to identify and create plans for appropriate uses for these spaces that will better serve resident needs.

**Project type** Modernization

**Location** Keyworth Avenue Park, Baltimore, MD 21215 and Luzerne Avenue Park, Baltimore, MD 21213

**Cost center** Recreation and Parks

**Operating impact**  
No impact

**Estimated costs (\$K)**  
\$560

**PRJ001639: Patterson Park Master Plan Implementation**

Implement priority short term park recommendations and improvements identified in the Patterson Park Master Plan (March 2016). This will include maintenance and improvements to the Boat Lake.

**Project type** Modernization

**Location** 100 N. Linwood Ave

**Cost center** Recreation and Parks

**Operating impact**  
No impact

**PRJ000859: Robert Marshall Field Improvements**

Create regulation multi-purpose field for football, soccer, lacrosse, and youth baseball. Field is currently sloped and too small to play league games.

**Project type** Modernization

**Location** 1201 Pennsylvania Ave

**Cost center** Recreation and Parks

**Operating impact**

No impact

**Estimated costs (\$K)**

\$2,690

**PRJ002709: Solo Gibbs Park - Phase I Construction**

Construct Phase I of park improvements to upgrade areas in the north and southern sections of the park. In the northern section, phase I improvements will focus on expansion of an existing playground, entrance and signage, and a community gathering area with pavilion. In the southern section, phase I improvements will include redesign of the basketball courts, widening the existing Gwynns Falls Trail, and upgrading the gathering area along Leadenhall Street. The addition of a new splash pad was added to Phase 1 in response to community advocacy. The park will be extended southward to West Street to include a former school property and create an expanded lawn for events and sports play.

**Project type** Modernization

**Location** 1044 Leadenhall St.

**Related plan** Solo Gibbs Park Masterplan

**Cost center** Recreation and Parks

**Operating impact**

No impact

**Estimated costs (\$K)**

\$4,500

**PRJ003233: Wilber Waters Park Concept Plan**

Develop a concept plan, design documents and construction for Wilbur H Waters Park. The planning and design process will involve community participation and will be based upon community identified needs, current usage patterns and American Disability Act (ADA) standards.

**Project type** Modernization

**Location** 1615 N. Dukeland St.

**Cost center** Recreation and Parks

**Operating impact**

No impact

Estimated costs (\$K)

\$1,550

**PRJ002137: BCRP Comprehensive Plan**

Three-year consultant contract to assist BCRP to implement the operations, recreation and maintenance and funding aspects of BCRP's Playbook (Comprehensive Plan).

**Project type** Unspecified

**Location** Multiple locations citywide

**Related plan** Comprehensive plan

**Cost center** Recreation and Parks

**Operating impact**

No impact

Estimated costs (\$K)

\$300

# Department of Transportation

## Agency overview

The Department of Transportation's (DOT) mission is to maintain and improve the transportation infrastructure to produce a safe, reliable, accessible, and efficient system for everyone that provides multiple and sustainable modes of transportation for residents, businesses, and visitors — thereby promoting livable and vibrant communities across Baltimore City. DOT is responsible for building and repairing public streets, bridges, and highways, as well as maintaining streetlights, alleys, footways, and the conduit system. Other duties include managing traffic movement; inspecting City construction projects; and developing sustainable transportation solutions.

Typical capital projects include replacement or repair of bridges, sidewalks, alleys, major road reconstructions, construction of bike lanes, intersection improvements, and more.

**PRJ003210: Potomac Street Cycletrack - Phase II Construction**

To construct a protected two way cycle track with a landscape buffer to provide a protected bike connection between Patterson Park and Canton Waterfont Park. Phase II will include a concrete landscape buffer where the current flex posts are located, more signage and wayfinding, and concrete barriers on the ends of the lane that face an intersection, to prevent automobiles from parking in them and blocking the lane for bicyclists and pedestrians. Re-stripping the lane will also be studied. ADA Modifications and Stormwater Review will be included as well.

**Project type**

Modernization

**Location**

S. Potomac St. from Eastern Ave. to Boston St.

**Related plan**

2015 Bicycle Master Plan, The 2017 Separated Bike Lane Network Plan (SBLNP) addendum

# Enoch Pratt Free Library

## Agency overview

The Enoch Pratt Free Library (EPFL) was created by Maryland law in 1882, which enabled the City to accept the donation from Enoch Pratt to establish “The Enoch Pratt Free Library of Baltimore City.” Under the terms of Mr. Pratt’s gift, the Library is owned by the City but administered by a private Board of Trustees. The Library system consists of the Central Library, 21 neighborhood libraries, and two bookmobiles. The Central Library is designated as the State Library Resource Center under State law, with responsibility for providing a wide variety of services including the operation of “Sailor,” the internet-based network of the Maryland library community.

Typical capital projects include renovations or systemic improvements to branches.

Learn more at [prattlibrary.org](https://prattlibrary.org) 

## Project requests

### Total EPFL requests by source

	FY25	FY26	FY27	FY28	FY29	FY30	Total (\$K)
GO Bond - Infra.	\$6,050	\$0	\$1,350	\$800	\$4,250	\$5,125	\$17,575
<b>Total (\$K)</b>	<b>\$6,050</b>	<b>\$0</b>	<b>\$1,350</b>	<b>\$800</b>	<b>\$4,250</b>	<b>\$5,125</b>	<b>\$17,575</b>

Enoch Pratt Free Library has requested \$17,575,000 for six projects. All six projects have a location mapped at right.

Project	Total (\$K)
PRJ001111 Northwood Branch Library - HVAC & ADA Upgrades	\$5,050
PRJ002128 Northwood Branch Library Roof Replacement	\$150
PRJ001888 Forest Park Library Renovation/Addition	\$2,900
PRJ003123 Hamilton Branch Library - Full Renovation	\$5,925
PRJ002354 Former Hollins Branch - Senior Branch Admin. - Roof Replacement	\$550
PRJ002063 Park Heights Library Construction	\$3,000
<b>Total - Agency Requests</b>	<b>\$17,575</b>

**PRJ001111: Northwood Branch Library - HVAC & ADA Upgrades**

Perform a comprehensive interior renovation of the library, focusing on modernizing all interior spaces and finishes, upgrading electrical systems, fire alarm, and sprinkler systems, replacing windows for improved energy efficiency, and implementing ADA upgrades.

**Project type**

State of Good Repair

**Location**

4420 Loch Raven Blvd. (B06064)

## Additional priority projects

Enoch Pratt Free Library has identified 1 additional project as a high priority.

---

Project
<a href="#">PRJ003112</a> Southeast Anchor Library - HVAC and Building Upgrades

---

**PRJ003112: Southeast Anchor Library - HVAC and Building Upgrades**

Replace the outdated and failing HVAC controls system, security system address issues concerning window and roof leaks.

**Project type** State of Good Repair

**Location** 3601 Eastern Ave. (B07021)

**Cost center** Enoch Pratt Free Library

**Operating impact**  
Decreased repair/operating costs

# Parking Authority of Baltimore City

## Agency overview

The Parking Authority of Baltimore City (PABC) is responsible for on-street and off-street parking, including the management of the metered parking system and maintenance of over 800 pay-by-license-plate multispace parking meters, and over 3,400 single-space parking meters; administration of special parking programs such as residential permit parking and car sharing; enforcement of parking regulations; and management and development of off-street parking facilities.

Typical capital projects include improvements to garage structures, elevators, and lighting.

## **Additional priority projects**

Parking Authority of Baltimore City has identified 1 additional project as a high priority.

Project	
PRJ003037	Franklin St. Garage Improvements

**PRJ003037: Franklin St. Garage Improvements**

This is for work on accessible portions of the garage parking decks, expansion joints in the parking deck, stairs and inside of the exposed exterior precast panels at the roof level.

**Project type** Unspecified

**Location** Franklin Street Garage

**Cost center** Transportation

# Appendices

# Project names and identifiers

## Project names

This year’s report uses new project naming conventions created by Department of Planning staff to provide a more organized and easy to read project list.

Typical changes to project names include:

- Removing the legacy account ID numbers, CIP number, and outdated fiscal year information
- Using consistent formatting and spacing for contract numbers, building names, and project details
- Unpacking abbreviations, e.g. Water Main instead of WM, and using formal program or projects name as appropriate

To help agency staff or City residents compare projects in this report to prior year reports, the table below provides a crosswalk between the existing and updated project names. Department staff expect to add a second reference table with a crosswalk between legacy CIP project numbers in a future update to this report.

	Name (Workday)	Name (Report)
<b>Baltimore City Information Technology</b>		
PRJ003041	Camden Street Skywalk Repair or Replacement	Camden Street Skywalk - Repair/Replacement

# How this report is created

! Report last updated 01/12/24 02:47:01 PM using request data (exported from Adaptive Planning at 01/12/24 01:25:29 PM) and project details (exported at 01/12 01:24:22 PM).

## Data sources and tools

Over the past two years, Baltimore City migrated contract and financial management systems to a cloud-based application known as [Workday](#). Data on the Capital Improvement Program is now stored in both Workday and a second integrated application, known as [Workday Adaptive Planning](#) or Adaptive, that combined project information entered by agency staff with financial data maintained in Workday.

This report is based on project details and requests exported from the Workday Adaptive Planning system as Excel files. These Excel files are transformed using a data processing and analysis script (created with R and [Quarto](#)) to produce this PDF document.

Locations for assets identified in this report are based on several additional sources including:

- Department of General Services building and asset data
- [Department of Transportation bridge inventory](#)
- Data from [OpenStreetMap](#) for non-city owned properties

The locator maps used data from U.S. Census Bureau TIGER/Line shapefiles accessed using the [tigris](#) R package and Community Statistical Area boundaries created by the [Baltimore Neighborhood Indicators Alliance](#).

Excel and CSV files with the project request data included in this report are (or will be) available on the [CIP Reports & Resources](#). Department staff expect to publish a reproducible version of this report including all code and reference data to the [City of Baltimore GitHub account](#).

## Credits

This report is created by the Baltimore City Department of Planning by staff including Kristen Ahearn, John Lloyd, Sara Paranilam, Eli Pousson, and Jamie Williams.

Capital project descriptions and information are written, input, and revised in Workday and Adaptive Planning city staff including Adam Boarman, Cephas Thornton, Christopher Harrington, David Kowalewski, Fariha Khurshid, Garret Halbach, Jaikishin Chughani, Jasmine Armstrong, Jeffrey Case, John Lloyd, Khadijah Saleem, Latonya Davis, Mary Hampton, Naomi Akinyi, Niani Glascoe, Olubunmi Oladele, Philip Gear, Shyam Thapa, Tommy Williams, Tyler Matteau, and Valerie Mcguire.

Contributing agency staff also include Alex Bennett, Bernie Daniloski, Chris Harrington, Christopher Hepler, Dr. Marvin Blye, Jin Wang, Kate Brower, Kim Clark, Marwan Alkarajat, Maureen Gerschberg, Robert O'Brien, Sandra Blake, Teneil Hall, Valerie McGuire, and Willem Elsevier. Jason Howard and Sara Brumfield also provided technical assistance on the creation of this report.

Many others, including city staff, planners, engineers, designers, and residents, also contributed to the identification of these projects through their use and attention to the city's public assets.

## Updates

If any corrections or modifications to the report are required, these updates will be noted in this section of the report and a new version posted [to the Department website](#). Additional updates are expected following the Planning Commission hearings with agency staff and Planning Commission adoption of the Capital Improvement Program.
