	AGENCY NAME & ADDRESS	DEPARTMENT OF PLANNING 417 EAST FAYETTE STREET, 8 TH FLOOR		
	SUBJECT	BMZA / 1710 Barclay Street		

TO Mr. David Tanner, Executive Director
Board of Municipal and Zoning Appeals
417 East Fayette Street, 14th Floor

DATE: June 4, 2010

REQUEST

The Department of Planning has received Ibrahim Sheikh's Board of Municipal and Zoning Appeals (BMZA) application to use the premises for two dwelling units. We understand that this appeal is scheduled for hearing on June 8, 2010.

SITE

1710 Barclay Street is located on the west side of the street, approximately 144' north of the intersection with Lanvale Street. This property measures approximately 15'4" by 90' and is currently improved with a three-story row-house building measuring approximately 15'4" by 50'. This site is zoned R-8 and is located within the Greenmount West Urban Renewal Plan area.

ANALYSIS

Conversion of Dwellings: In the R-7 and R-8 Districts, the Board may approve the conversion of a single-family dwelling to a two-family dwelling only if the property meets the minimum lot size requirements (§3-305.b.3.i).

Insufficient Lot Area: In this zoning district, multiple-family dwellings require 750 square feet of lot area per dwelling unit (§4-1106.a). In this case, for two dwelling units, 1,500 square feet of lot area is required. The lot only encloses 1,380 square feet, and so does not meet this requirement.

Lot Area Variance: The Board may grant a variance to reduce the applicable minimum lot area requirements by no more than: (1) 25% of the applicable regulation (§15-202). In this case, the proposed amount of variance would be 8%. The variance requested is within the discretionary range of the Board and so may be allowed.

Renewal Plans: Ordinance #01-0165 was approved May 14, 2001 for the purpose of, among other things, clarifying the relationship between conditions or requirements imposed by an Urban Renewal Plan or Conservation Plan, such that the condition or requirement that is more restrictive will govern. Additionally, the ordinance prohibits the approval of a conditional use or a variance if that conditional use or variance is precluded by an applicable renewal plan or master plan.

Required Findings: The Board may not approve a conditional use unless, after public notice and hearing and on consideration of the standards prescribed in this title, it finds that: ... (2) the use is not in any way precluded by any other law, including an applicable urban renewal plan; (§14-204). For this reason, the Board must consider the requirements of the Greenmount West Urban Renewal Plan, which does allow this use in this district.

Off-Street Parking: In this zoning district, multiple-family attached dwellings require one off-street parking space per dwelling unit (§10-405.1.iv). For 2 dwelling units, 2 parking spaces are required; none can be provided pursuant to the Zoning Code due to the 10' width of the alley at the rear of the property. As the structure was lawfully erected before April 20, 1971, additional off-street parking facilities are mandatory only in the amount by which the requirements for the new use exceed those for the existing use (§10-203.b).

Off-Street Parking Variance: ... the Board may grant a variance to reduce by no more than 75% the number of off-street parking spaces otherwise required by the applicable regulation (§15-208.b). In this case the reduction proposed is 100%, which is greater than the variable amount the Board may authorize.

RECOMMENDATION

The Department of Planning has no objection to this appeal.
