

<b>FROM</b>	NAME & TITLE	THOMAS J. STOSUR, DIRECTOR	CITY of BALTIMORE  <b>MEMO</b>	
	AGENCY NAME & ADDRESS	DEPARTMENT OF PLANNING 417 EAST FAYETTE STREET, 8 <sup>TH</sup> FLOOR		
	SUBJECT	BMZA / 1010 North Stricker Street		

**TO** Mr. David Tanner, Executive Director  
Board of Municipal and Zoning Appeals  
417 East Fayette Street, 14<sup>th</sup> Floor

DATE: November 9, 2011

### REQUEST

The Department of Planning has received Anthony Laws' Board of Municipal and Zoning Appeals (BMZA) application to use the premises as two dwelling units. We understand that this appeal is scheduled for hearing on December 6, 2011.

### SITE

1010 North Stricker Street is located on the west side of the street, approximately 85' north of the intersection with Mosher Street. This property measures approximately 16'6" by 90' and is currently improved with a three-story attached residential building measuring approximately 16'6" by 63'. This site is zoned R-8 and is located within the Sandtown – Winchester Urban Renewal Plan area and the Old West Baltimore National Register Historic District.

### ANALYSIS

Use: In this zoning district, multiple-family dwellings are a permitted use, and so are allowed (§4-1101). In this case, the property was last authorized for use as a multiple-family attached dwelling, which is a permitted use in this R-8 General Residence District, but has reverted to single-family status as a result of an unabated Vacant House Notice issued in 2006.

Conversion of Dwellings: In the R-7 and R-8 Districts, the Board may approve the conversion of a single-family dwelling to a two-family dwelling only if the property meets the minimum lot size requirements (§3-305.b.3.i).

Insufficient Lot Area: In this zoning district, multiple-family dwellings require 750 square feet of lot area per dwelling unit (§4-1106.a.). In this case, for two dwelling units, 1,500 square feet of lot area is required. The lot only encloses 1,485 square feet, and so does not meet this requirement.

Lot Area Variance: The Board may grant a variance to reduce the applicable minimum lot area requirements by no more than: (1) 25% of the applicable regulation (§15-202). In this case, the proposed amount of variance would be 1%. The variance requested is within the discretionary range of the Board and so may be allowed.

Urban Renewal Plan: This property is located in the Sandtown – Winchester Urban Renewal Area, where the Urban Renewal Plan does not prohibit or further restrict the proposed use in this district. The proposed two dwelling units are an appropriate residential density for an existing structure of this size.

Off-Street Parking: ... if the intensity in use of a structure or premises is increased through the addition of dwelling, efficiency, or rooming units, floor area, seating capacity, or other units of measurement, off-street parking facilities must be provided for that increased intensity, as required by this title (§10-202.a). If the structure was lawfully erected before April 20, 1971, additional off-street parking facilities are mandatory only in the amount by which the requirements for the new use exceed those for the existing use (§10-203.b). In this zoning district, multiple-family attached dwellings require one off-street parking space per dwelling unit (§10-405.1.iv). For two dwelling units, two parking spaces are required; none can be provided that meet the Zoning Code requirement for accessibility due to the narrowness of the rear alley (10').

Off-Street Parking Variance: ... the Board may grant a variance to reduce by no more than 75% the number of off-street parking spaces otherwise required by the applicable regulation (§15-208.b). In this case the reduction proposed is 75%, which is within the variable amount the Board may authorize.

Historic District: The property is located in a designated historic district, and so may be eligible for historic tax credits for restoration and renovation. The appellant is encouraged to contact the Baltimore Commission for Historical and Architectural Preservation before proceeding with any improvements which may be authorized as a result of this appeal.

#### **RECOMMENDATION**

The Department of Planning recommends approval of the appeal.
